SURVIVORS OF ARNHEM REJOIN COMRADES

Russian Troops Tighten Steel Ring around Riga

Germans Credit Reds with Ten-Mile Penetration of Hungary

By W. W. HERCHER
LONDON, Thursday, Sept. 28 (AP)—Breaking through the lake and river barriers to Riga, the Russians drove within twenty-two miles north of the Latvian capital yesterday and tightened their ring to thirty-five and thirty-one miles east and southeast, capturing more than 200 communities from the German defenders who were throwing in their last desperate reserves.

The Russians were silent on German accounts that credited them with a ten-mile penetration of Hungary from the Arad area of Romania, but early today in a supplement to their regular communiqué supported German assertions that a new offensive was in the making against East Prussia.

Southwest of Mariampole, in the Suwalki triangle area that Hitler annexed to East Prussia in 1939, Russian detachments dislodged the Germans from a front line of fortifications and seized two fortified heights, then beat off three counterattacks with heavy losses to the enemy, the Soviet statement said.

Mores Taken

This offensive—though the Russians have not dignified it with that name as yet—appeared timed with the Red army's racing decent on Riga and the breaking up of the German positions in the Baltic states which heretofore have constituted a flanking threat to any Russian drive against East Prussia.

The Russian official bulletin mentioned only one other front, that in Southern Poland, where another half-dozen mountain villages were taken and the Polish-Czechoslovak border was reached again at Wolosty.

The Russians dwelt on the advances in Latvia and they announced that an amphibious operation across five miles of sea resulted in capture of the Estonian island of Vormsi, which lies between the mainland and the bigger, more heavily fortified blockade island of Hiium (Dago). The small island of Muuhu, the large one of Saare (Osel) and Hiium remain to be taken before the Gulf of Riga is fully open to the Soviet fleet.

Immediate Soviet concentration apparently was on clearing out the Baltic states before winter set in, and Moscow dispatches said the Germans north and northeast of Riga had given up attempts to hold an organized line. They were stampeding into Riga for what may be their last stand in any of the Baltic states.

Only the narrow escape corridor leading west and southwest from Riga along the Gulf of Riga was being kept open by the Nazis, apparently regardless of losses. Only by that route can they hope to get out whatever remains of two army corps which once numbered 200,000 or more men.

The battle for Warsaw seemed to have subsided somewhat, although a Polish underground communiqué reported sharp engagements between Poles and Germans in the Mokotow district of the city, and a Russian frontline reporter noted that this fifth anniversary of Warsaw's fall to the Germans was marked by

strengthening of Nazi artillery de-

Ribbentrop Implies Hope for Stalemate in Dour Broadcast

By RICHARD KASISCHKE

LONDON, Sept. 27 (AP)—Nazi Foreign Minister Joachim von Ribbentrop, once an architect of the new order in Europe, marked the fourth anniversary of the German-Japanese-Italian alliance today with a dour broadcast implying hopefully for a stalemate by declaring the war must go on "until the enemy realizes he never could be in a position to win."

The anniversary of the so-called Tripartite pact was observed somewhat by a Polish underground communiqué reported sharp engagements between Poles and Germans in the Mokotow district of the city, and a Russian frontline reporter noted that this fifth anniversary of Warsaw's fall to the Germans was marked by

strengthening of Nazi artillery de-

Test Suit May Be Made

Dr. Byrd said that Attorney General William C. Walsh ruled recently that salaries of all employees of the university and the state board of agriculture were subject to the standard salary board's jurisdiction.

"Rather than resort to the court, the board (regents) prefers to lay the whole matter before the legislature for investigation and decision," Byrd said. "Of course, if you gentlemen prefer, we should be glad to institute a friendly suit in the courts to determine where the authority really rests."

Byrd said that the university was in "country-wide competition" with other schools to retain its best men, and noted that two outstanding educators recently left for other positions. He said it would be impossible to replace them satisfactorily if "the university were held to statutory salaries."

Price, Wage Controls Must Remain Until Total Victory, Byrnes Says

WASHINGTON, Sept. 27 (AP)—War Mobilization Director James F. Byrnes declared today the government must keep controls on prices, wages and rationing after the defeat of Germany and until total victory has been won also in the Pacific.

"While we are prosecuting the war against Japan," he said in a speech to the National Press Club, "price control must continue just as wage control must continue, and the relationship between wages and prices must be stabilized."

Byrnes' words came at a time when the War Labor Board is considering a host of wage cases all aimed at breaking the "Little Steel" formula, keystone of the government wage policy. Under that formula wage rates cannot be increased more than 15 per cent above the level of Jan. 1941.

The mobilization director expressed pride in the "hold-the-line order" stabilizing wages and prices and said:

"Rear guard actions have been fought against the attacks of groups that are powerful while we are fighting a war but on the whole the line has been held and government should continue to hold it until the dangers of inflation are passed."

His speech was broadcast over the Fascist radio from Northern Italy, urging his followers to "look to the German and Japanese peoples for supreme examples of patriotism and valor" and to "fight with faith the spirits snatched by betrayal."

He declined to answer a direct

question whether he favored cracking the "Little Steel" formula but said we must go into the postwar era "with a stable relationship between wages and prices."

"If we do not preserve a stable economy," he said, "postwar deflation will ruin all our plans for post-war prosperity."

Byrnes cited Bureau of Labor statistics figures to show the cost of living has gone up 25.3 per cent since January 1941, but said farm income has gone up 81 per cent and the average weekly pay of workers 51.3 per cent in the same period.

Told there were reports he intended to resign soon, Byrnes pointed out that his office would be abolished by legislation, which Congress has passed but President Roosevelt has not yet signed, to establish an office of war mobilization and reconversion.

"So if I just do nothing, then I'll have no job to do," he remarked.

Byrnes mentioned that he had spent twenty-five years in Congress, one year on the Supreme Court bench and two years in his present post and said he did not think he should be asked to serve another three years—the period he estimated the reconversion office would be functioning.

If offered the job, Byrnes said, he would have to say no.

Morgenthau Loses Fight with Hull And Simpson

By JOHN M. HIGHTOWER
WASHINGTON, Sept. 27 (AP)—Treasury Secretary Morgenthau appeared today to have lost his fight with War Secretary Stimson and Secretary of State Hull for an American government decision in favor of reducing Germany to an agricultural status after the war.

President Roosevelt, it was said on excellent authority, has indicated to peace planners that while he originally supported certain Morgenthau's criticisms of German military occupation policy as evolved by the War and State departments he does not subscribe to the whole German plan of his treasury secretary.

The president's cabinet committee on peace policy, which was composed of the three secretaries and was split wide open by Morgenthau's proposals, is slated to pass out of the picture as Hull and Stimson take the reins firmly in their own hands again. In high official quarters the impression is strong, however, that as long as the cabinet retains these three members the sharp differences developed over this critical issue will scar their relationship.

The whole program is expected to be functioning by this weekend as normally as it was before the treasury secretary stepped vigorously on the scene prior to President Roosevelt's conference with Prime Minister Churchill at Quebec.

Morgenthau's representatives on the state-war-treasury committee on German planning are expected to be advised to confine themselves again solely to economic questions, leaving primary decisions on political matters to the State department and on military questions to the War department.

Wallace Says Public Works Program May Be Necessary

PHILADELPHIA, Sept. 27. (AP)—Vice President Wallace said tonight America may be "compelled to go into a public works program before private industry is fully reconvered to peace" but warned that "we must never allow the days of Hoover to return."

At a radio address broadcast over station WFIL, Wallace called for the re-election of President Roosevelt who "has led us so magnificently through these days of war."

"We need planning for the peace," the vice president said.

We need leadership in the peace. Winston Churchill and Joseph Stalin will be at the peace table and we need somebody to represent us. We need Franklin D. Roosevelt."

Turning again to postwar employment which he discussed earlier today Wallace said "if there is to be full employment in America after the war is over, we must produce and use 50 per cent more in goods and services than we produced and used in 1940."

Sky Route Established Over Jap-Held Islands

WASHINGTON, Sept. 27 (AP)—An air transport link between the Marianas and Admiralty Islands in the Pacific—over the heart of the Japanese-held Carolines—has been established by the Seventh Army air force and has been used to transport passengers and high-priority freight.

A statement from the War department today said four C-47 skytrain transports had made a 2,000-mile pioneer flight in late August, and that since then other flights have been made. The new route links the forward areas of the Central and Southwest Pacific theaters.

Local News in Brief

G. William Bibby, former vice president and general manager of the Cumberland Brewing Company, has been promoted from major to lieutenant colonel in the army air corps. He is now in France where he is commanding an ordnance supply and maintenance service group of the Ninth air force service group.

Democratic campaign headquarters have been opened in Room 503, Liberty Trust building, with John P. Schell in charge.

Walter D. Owens, Maryland Employment Commissioner, said he opposed any change in the state's merit system law, adding that he believed it was "fair to the state and to the state's employees, and any change would seriously interfere with efficiency in the state's services."

He defended, in opposition to Senator Robert B. Kimble (R-Allegheny), the practice of his office in using written examinations in determining merit of employees for upgrading.

Kimble contended that written examinations worked a hardship on many experienced employees who had done competent jobs. He declared that frequently these persons could not do their best in written tests.

Owens countered that only one person so far had failed that experience was taken into consideration in determining grades and that his office took special pains to aid persons "panic-stricken" at the thought of taking an examination for anything.

Reclassification Discussed

The controversy centered about reclassifying jobs in the state government in which employees continue to do their past duties but receive new titles and higher pay. Kimble contended this did not constitute promotion, while Owens asserted that under the law it did.

Both agreed that employees applying for advancement to new jobs should have to take written examinations.

The program of reclassification was started after a 1943 general assembly enactment which Kimble commented was the result of the legislature of Maryland getting so damned ashamed of salaries paid employees x x x that the plan was passed to give a man what's coming to him."

Kimble asked Owens why he couldn't decide on the basis of the candidate's merit rating cards, recommendations of his department head and an oral examination whether the man was worthy of the higher classification while continuing his present work.

Owens said the law did not give him the discretion to pass on a man's qualifications and he did not want the onus put upon him of making such decisions. There is too much leeway there for favoritism and bias."

He explained that the principal reason for giving the examinations in written form was because of the large classes of candidates taking them. Last week, he said, more than 100 persons took tests at one time.

Will Seek Amendment. Kimble also objected to a veteran job-holder having to compete with others for his job when it came up for reclassification, but Owens explained in a written brief:

"No employee can be compelled against his will to take the examination and if, 'he does or does not take it, or if he does and fails, his then position and classification are not vacated and he cannot be removed x x x."

The only result of the reclassification is that the employment commissioner will insist that in event of a replacement by reason of vacancy, it be filled by an eligible qualified for higher classification x x x."

Kimble said after the hearing that he would ask for amendment of the law to permit veteran and successful employees to be upgraded without facing written examinations in competition with other persons.

BLAST JAPS AT MINDANAO

RUSSIAN PHASE OF DUMBARTON OAKS CONFERENCE TO END

WASHINGTON, Sept. 27 (AP)—The Russian phase of the Dumbarton Oaks Security Conference will end tomorrow without a complete agreement on all issues, it was officially disclosed today.

Undersecretary of State Edward R. Stettinius, chairman of the conference, said tonight the committee intended to carry "to the highest court in the land" its fight against making public the names of persons who had contributed \$100 or more to the committee.

But he reported that some points still are unsettled, although agreeing with President Roosevelt's recent summary that agreement should be reached on about 90 per cent of the issues.

Stettinius declined to discuss specific points. One unsettled question was reported to be whether a large power should withdraw from decisions of a proposed world council if it were accused of aggression.

Asked how long it might take to get the proposed organization set up by agreement with all the United Nations, Stettinius replied that he thought it was still possible to hold a full-dress conference by the year end.

Preston Lane Says Dewey Supporters Voted for Hoover

BALTIMORE, Sept. 27 (AP)—W. Preston Lane, Jr., Hagerstown, Maryland Democratic national committeeman, declared tonight that nine-tenths of the people who were trying to elect Thomas Dewey to the presidency were the same who elected Hoover in 1928.

Lane, who said his facts were based on information from the director of the Office of Public Opinion Research, Princeton university, said that nearly 90 per cent of those who voted the straight Republican ticket from 1932 through 1940 voted Republican in 1942 also and that the odds were better than nine to one that if a person voted Republican in 1942 he voted for Hoover in 1928, if he voted then at all.

Speaking at a meeting of the Democratic war executives and Baltimore City committee, Lane declared that many Republicans feel that in 1942 there was a definite political upsurge in their favor.

However, he continued a post mortem of 1942 election returns showed that Republican upsurge was largely due to the fact that the turnout to vote was low.

Truman Says Victory To Bring Responsibility

KANSAS CITY, Sept. 27. (AP)—Sen. Harry S. Truman, Democratic nominee for vice president, said today that after the defeat of Germany and Japan "we will have the greatest responsibility any country ever had."

"We're winning a war," he told a chamber of commerce luncheon. "Sometime in the near future Germany will fold up. Sometimes after that, we don't know how long, the Japanese will be defeated."

"Then we'll have the greatest responsibility any country ever had. It will be our duty to assume the leadership which we failed to do twenty five years ago, unless we expect our grandchildren to go through what our children are undergoing today."

Truman's talk, which was made without manuscript, did not tie up either President Roosevelt or Thomas E. Dewey, Republican candidate for president, with that task ahead.

He spoke of "the task now" as being an obligation to "make our destruction machine a production machine."

Factory Employment Shows Decrease

BALTIMORE, Sept. 27 (AP)—A flood of claims for old injuries and petitions to reopen old cases after the war was predicted today by Emanuel Gorfine, state industrial accident commissioner, in his annual report to Governor Herbert R. O'Connor.

The commission anticipates a flood of claims for these old injuries and petitions to reopen old cases after the war when conditions return somewhat to normalcy," he said. "Real and imaginary ills will develop when wartime jobs are curtailed. These will add to the normal cases of current injuries that the commission will have to consider."

Although employers reported 35,283 disabling accidental injuries to workers, causing a loss of time of more than three days during the calendar year of 1943, Gorfine explained, only 20,486 claims for benefits were filed.

Reasons for the failure to file

claims were varied, the commission said, including a desire to continue work so as to receive full wages, insignificant injuries and an ignorance of rights.

Of the 20,486 claims filed, an

increase of more than 10 per cent over 1942, 213 were for fatal accidents, Gorfine reported, and beneficiaries were paid \$3,135,249.29.

Reds Have Supply Problem

While Soviet officials and the Moscow press were silent concerning developments in the Romanian-Hungarian border sector, a dispatch from Moscow today described the area north of Arad, Romania, (where the Germans said the Russians had penetrated Hungary) as the real Achilles heel in the German defenses of Central Europe.

This dispatch said the enemy was known to have made frantic efforts to reinforce the border fortifications employing 202,174 persons whose combined weekly earnings totaled \$9,903,999.

The report showed that the employment index for August was 163 while the payroll index was 341.6.

Average weekly earnings in combined manufacturing industries in August amounted to \$48.99, Pohlhaus said, while the average hourly rate was fixed at 98 cents and the average hours worked per week amounted to 45.3 hours.

The only result of the reclassification is that the employment commissioner will insist that in event of a replacement by reason of vacancy, it be filled by an eligible qualified for higher classification x x x."

Kimble said after the hearing that he would ask for amendment of the law to permit veteran and successful employees to be upgraded without facing written examinations in competition with other persons.

Passenger Tire Quota
For October Is Cut

BALTIMORE, Sept. 27 (AP) — The overall tire situation was described today as very critical by William B. Connolly, rationing representative, who said October quotas for passenger grade 1 and small truck tires dropped slightly under September quotas.

Large truck tires increased from 993 to 1,001 in October but Connolly emphasized that the supply was still inadequate. He said the emergency truck tire board had been able to keep all essential carriers on the road, while less essential carriers had received grade 3 tires for used truck tires.

Maryland's quota for grade 1 passenger tires has been cut thirty per cent, Connolly declared, and the backlog of motorists eligible for tires who have not yet received them, is expected to exceed 16,000 by the end of September.

Governor Urges Women
To Join the WACs

ANNAPOLIS, Md., Sept. 28 (AP) — Governor Herbert R. O'Connor urged Maryland women today to enlist in the special Blue and Gray WAC unit honoring the Twenty-ninth division.

Declaring that "the Twenty-ninth division is one of the most outstanding military organizations of the war," O'Connor added that it was a privilege for Maryland women to serve under its name.

The WAC campaign to enlist qualified women for service with the unit will run into the middle of December. Women enlisting in the unit will maintain their unity and identity as the Blue and Gray unit throughout their period of basic training at Ft. Oglethorpe, Ga.

Overlooking the French town of Dreux on the Blaise river, near Paris, are the ruins of a castle of the counts of Dreux who flourished in the Middle Ages.

Flute Soloist Will Play Here at Benefit Concert

Will Be Accompanied by Annual Missionary
Seaman Second Class
Johnston

Lindsey Broadbent, musician third
class, United States Navy, will be
presented as flute soloist at the War
Benefit Concert to be given by the
Music and Arts Club of Cumberland
Monday evening at 8:15 o'clock in the
Allegany high school auditorium. His
accompanist will be Benjamin Burwell Johnston, Jr.
seaman, second class.

Both artists are being presented
through the courtesy of the United
States Navy School of Music, Washington,
where they are students. Before
entering the armed forces, Broadbent was enrolled at Pasadena
Junior college, California. He
studied the flute with George Barrere
and has had professional experience
with the Los Angeles Symphony
Society, the Pasadena Civic Orchestra
and the orchestra of Pasadena Junior college. Johnston, a former scholarship student
at Williams and Mary college, Williamsburg,
Va., is a winner of several
national and state music
contests.

Also appearing as guest artists at
the concert will be Miss Olga
Grether, mezzo soprano and former
member of the Baltimore Symphony
Orchestra, and Mrs. Eugenia
Hall Evans, Czechoslovakian pianist,
who came to America in 1940
and has been accompanist to
numerous opera stars in this
country.

The concert will be divided into
two sections, with flute, piano and
vocal selections featuring each
group. Men and women in the uniform
of the armed forces will be
admitted to the affair without
tickets.

Married in Parsonage

Miss Anna Hilbinger, daughter of
Mr. and Mrs. Roy Hilbinger, Baltimore,
and Putt Calvin C. Lewis, son
of Mr. and Mrs. Clarence Lewis,
282 Lafayette avenue, were married
September 20, in the parsonage
of the Baltimore Methodist church.

Pvt. Lewis recently returned from
three years service in New Guinea
and Australia. Following a thirty-
day furlough, during which he will be
admitted to the affar without
tickets.

Stock Market Has Few Firm Spots In Slowest Session of the Year

By BERNARD S. O'HARA

NEW YORK, Sept. 27 (AP) — The stock market today had a few firm areas and some that were a bit soft but final valuations mostly were in minor fractions.

Turnover of 484,028 shares against Tuesday's 601,952 made it one of the slowest five-hour sessions in the last year. Speculative apathy persisted in the face of the office of war information's forecast of a long war against Japan after Germany is defeated and Western front advances which were discouraging to hopes for an imminent collapse of the Nazis.

Among leaders closing a little higher were United States Steel, Bethlehem, Montgomery Ward, Oliver Farm, North American, Kennecott, American Smelting, Chesapeake & Ohio, N. Y. Central, Canadian Pacific and Pepsi-Cola.

The bond market shuffled aimlessly today over a narrow course that left prices virtually unchanged from previous levels.

Far more attention was paid to

an assortment of new offerings than to listed bonds, as evidenced by the small sales of \$4,034,000. This compared with \$5,424,000 on Tuesday.

United States Governments were steady.

Chicago Grain Prices

CHICAGO, Sept. 27 (AP) — Grain markets moved irregularly in the lightest trade of the week today but at the close wheat was as much as a cent higher and most deliveries of oats and rye showed gains for the session.

Closing futures:

WHEAT—December 1.61, May 1.58 1/4%, July 1.48 1/4-1.47%, September 1.12%, May 1.10%.

OATS—December 61%, May 59 1/4-54, July 57%.

RYE—December 1.04 1/4%, May 1.03%, July 98 1/2-100%.

BARLEY—December 1.00%, May 94%, July 91%.

Cash grain, cash wheat, No. corn, Oats, No. 1 white 67 1/2, Soybeans, No. 2 yellow 21 1/2, Barley malting, 1.05-1.37 nominal; feed 65-100 nominal; Field seed per hundredweight: timothy 6.25-6.50; red clover 21.50 nominal; alfalfa 28.50 nominal.

British Airborne Troops Did Great Job for 9 Days

By KIRKE L. SIMPSON

Associated Press War Analyst

The epic nine-day stand of the British "Red Devil" airborne troops at the Arnhem gateway to Germany is over; but its effect on the course of and duration of the war in Europe is yet to be determined.

Allied announcement that survivors of the gallant force had been withdrawn south of the lower Rhine ends hope of a quick repetition in the Netherlands of a breakthrough similar to that in Normandy.

The eastern arm of the river still guards effectively the seaward flank of the Nazi Siegfried defense line. The short and open road to Berlin from the west across the Hanoverian plain still is barred.

Much Is Accomplished

But despite the failure of the bold effort to leap-frog across the Rhine delta and unring the Nazi defenses, much was accomplished. The passage of the wider and more difficult Waal-Rhine was secured and strongly consolidated at Nijmegen with its great bridge intact. The Eindhoven-Nijmegen salient has been widened to a broad corridor. The Maas has been crossed or reached on a wide front and in Western Holland thousands of Nazi troops are in grave danger of entrapment.

The Arnhem thrust has succeeded, too, in mounting a more positive threat of a decisive Allied breakthrough in the north as Field Marshal Montgomery gains elbow room in the Eindhoven-Nijmegen corridor for new attacks.

That threat is putting pressure on available German reserves in the west. The peril to the Dutch "lower gateway to Germany is still grave to permit any shifting of Nazi forces to sectors farther south. Yet the Nazi high command cannot be certain that General Eisenhower may not repeat now the

How To Mail Gifts Overseas

FOUR POINTS TO CHECK

AP Features

Mailing gifts to servicemen and women abroad is just as important as buying them. The post office says this overseas mailing season—from Sept. 15 to Oct. 15—will be the biggest in history.

Here are the government's rules for overseas mailing:

The address should be typewritten or printed plainly in waterproof ink. A duplicate address and return address should be placed inside the box.

The destination address should include the rank and full name, serial number, service organization and unit of the service person. It also

should include the proper Army Post Office or Fleet Post Office number and the port from which it will leave. The return address should be complete.

Postage on all parcels must be fully prepaid—fourth class on packages over eight ounces, third class under that weight.

The package should be marked "Christmas Parcel," and a label not resembling a postage mark or stamp is suggested for this.

Standardized boxes for mailing fl

are being sold. But, if you'd rather, you can make your own from corrugated fiberboard cartons, such as can be secured from the grocer. The box should be tied firmly with strong twine, bound and reinforced with strong gummed paper tape, or both.

YOU CAN'T BLAME THE OTHER FELLOW

if a "freeze-up" wrecks your engine!

All right, so you don't pay much attention to advertising! But sure as it will freeze this winter, some car owner who doesn't heed this message will find a sudden freeze-up has wrecked the cylinder head, engine block, or radiator of his car. He'll learn, too, that these parts are hard to get—that replacements, if available, may take weeks.

Your car is needed to help relieve crowded trains, trolleys and busses. That's why the War Production Board has seen to it that there is enough anti-freeze to meet the real needs of every automobile in the country.

But please don't waste a drop. Have your dealer put in anti-freeze in time this year—but avoid wasteful over-protection. Remember, anti-freeze is made from war-critical materials that must also go into ex-

plosives, synthetic rubber, and plastics.

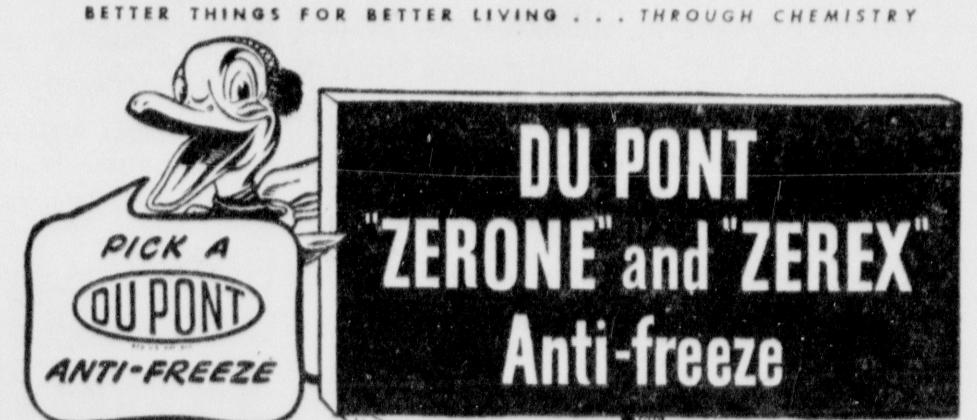

To save anti-freeze and money, have your cooling system checked by your dealer before installing anti-freeze. He'll make sure that all parts and connections are tight to avoid leakage. He can also clean out the rust and scale which so often clog cooling systems and cause overheating and wasteful use of gas and oil.

Have your dealer service your cooling system today and give it two-way protection—against freezing and against rust—with a Du Pont anti-freeze.

SEND NO MONEY... IT'S FREE!

"Take Care of Your Cooling System" tells money-saving facts you want to know. Send a post card today for this free, easy-to-read, illustrated booklet. Write to: E. I. du Pont de Nemours & Co. (Inc.), 2496 N. Nemours Building, Wilmington, Del., Delaware.

Eight Deeds Are Filed for Record

Eight deeds, seven purchase money mortgages and three chattel mortgages were filed for record Tuesday in the office of the clerk of circuit court.

Mr. and Mrs. John A. Ponger sold to Mr. and Mrs. C. Luther Gross a property on Baltimore avenue. Revenue stamps attached to the instrument indicated the purchase price to be about \$6,300. Mr. and Mrs. Bruce A. Lohr sold to Mr. and Mrs. Sidney L. Wauhop a property on Winchester road. Revenue stamps indicated the consideration to be about \$5,000.

Mrs. Mary E. Hubbs sold to Mr. and Mrs. Adair F. White a property on Michigan avenue and Lagonda street. Consideration was about \$4,500. Mr. and Mrs. Charles A. Strawderman sold to Mr. and Mrs. Joseph Blair Hardman a property on Christy road. Consideration was about \$3,500.

Mr. and Mrs. Lon Pennell transferred to Mr. and Mrs. Harry Calvin Jones a property on Orchard street. Mr. and Mrs. Armstrong C. Butts transferred to Mr. and Mrs. Paul A. Butts and others a property on Boone street. The Johnson Realty Corporation transferred to Mr. and Mrs. Henry A. Houch a property on Williams street. Mrs. Nina S. Burns transferred to Marguerite J. Burns and Virginia J. Burns a property on Emily street.

Four Persons Treated For Minor Injuries

Wilbur Portmess, 57, 425 Grand avenue, was treated in Allegany hospital Tuesday morning for injuries of the second and third finger of the left hand. The B. and O. worker said he was hurt Monday evening when his fingers were caught in a door at the B. and O. bolt and forge plant.

Albert Odgen, 39, Ridgeley, was treated in Allegany hospital yesterday for lacerations of both thumbs. The B. and O. worker said he cut his thumbs on an emery board as he was at work yesterday.

Edward Taylor, 35, Mt. Savage was treated in Memorial hospital Monday for a lacerated right hand. The Celanese employee said he cut his hand on a piece of tin while at work.

Paul Creegan, 9, 411 Furnace street, was treated in Allegany hospital Monday evening for an injured right arm. He said he was hurt when he fell as he was playing.

Big Decrease Shown In Immigration

PHILADELPHIA, Sept. 27 (AP) — Attorney General Francis Biddle said today that because of war conditions, only one-twentieth of the immigration quota of 153,879 established for countries outside the Western hemisphere was used in the past fiscal year.

Biddle, in a statement released by the Immigration and Naturalization Service, said only 28,551 alien immigrants were admitted for permanent residence. Europe accounted for only 8,694. A total of 113,641 were admitted as non-immigrants, on a temporary basis.

IT'S HIS GREATEST CHARACTERIZATION!

VICTORY FASHION

Ridgeley P.T.A. Plans Joint Meeting

The initial meeting of the year of the Ridgeley Parent-Teacher Association will be held tonight in the school auditorium. The affair will be a joint meeting of the elementary and high school units of the association.

The sixty pupils of the first grade of Ridgeley school will be special guests at the meeting and each will be presented a gift by the elementary association.

Plans for programs throughout the year will be made and committees appointed to have charge of the schedule. Mrs. R. C. Baker, president of the high school branch of the association will be in charge of the meeting.

Events in Brief

Girl Scout Troop No. 17, held a bowling party last night at the Central Y. M. C. A. Plans were made for a theater party and skating party to be held by the group. It was decided that the members will enroll in the First Aid class. The group will meet Monday at 7 o'clock at Kingsley Methodist church.

The first fall meeting of Brownie troop, No. 39, was held Tuesday evening in the Gephart school auditorium. Mrs. Chandler Smith and Miss June Peebles, co-leaders, were in charge. Practice was held for the investiture ceremony.

The executive committee of the Cumberland Sub-District Methodist Youth Fellowship met at the home of Miss Georgiana Pierce, president. It was decided to hold the next meeting at Trinity Methodist church, October 22, at 2:30 o'clock.

The Faithful Workers Class of Kingsley Methodist church will meet this evening at 7:30 o'clock at the home of Mrs. Ray Nine, LaVale. St. Patrick's Social Center, North Centre street, will reopen Saturday under the auspices of the junior class.

MT. TABOR SOCIETY DONATES CLOTHING TO NATIONAL DRIVE

The Mt. Tabor Women's Society of Christian Service, Spring Gap, met yesterday afternoon in the community center. Devotions were led by Mrs. Foster Smith.

Collection of clothing was made at the meeting for the needy men, women and children of Europe and 185 pieces were contributed. Miss Alma Taschenberger made a request for aid for the conscientious objectors' camp, sponsored by the Methodist church, and the organization donated \$5 toward the camp fund.

Mrs. Merle Reckley, secretary of mission study, reported the completion of the study of the book, "Church after the War". A report on the district seminar was given by the president, Mrs. John W. Davison. She also expressed her appreciation to the members for their assistance in the festival held Saturday evening.

The organization will hold its annual Hallowe'en party Friday, October 20, and Mrs. Paul Beeler, has been appointed chairman in charge of arrangements. Mrs. Reckley was selected to head the committee in charge of World Communion Day, November 3. The group will observe the week of dedication and prayer at its meeting, October 25.

Following the business meeting a social was held and hostesses for the evening were Mrs. Harley Cooper and Mrs. Jacob Bishop. Nineteen members and three visitors were present.

Mrs. C. L. Daniels and Mrs. Harold Chaney will be hostesses at the next meeting of the organization.

Funeral Directors Plan Annual Dinner

The annual Ladies night dinner of the Tri-State Funeral Directors Association will be held at the Shrine Country club October 18.

Charles L. George, secretary of the association, announced last evening.

City Aid Sought For Frostburg's Youth Program**Mayor and Commissioners Will Be Asked To Provide \$2,000****By RUDOLPH NICKEL**

FROSTBURG, Sept. 27.—Determined to provide Frostburg with a continuous program of leisure hour activities for young people, the Frostburg Recreation Association is planning to make community recreation a permanent responsibility of the municipal government. To this end the mayor and city commissioners will shortly be asked to include the sum of \$2,000 in the annual city budget for the youth program.

Encouraged by the success of the summer program, the Finance committee of the association, headed by the Rev. Francis E. Montgomery, administrator of St. Michael's church, has been soliciting funds during the past week to carry on the program until such time as the money may be forthcoming from the city.

A report by the committee today reveals that more than \$400 has been collected from business concerns for the fall and winter schedule of activities. Father Montgomery's committee consists of Dr. John Cooper, Mrs. Edward J. Ryan, William J. Elvin, Commissioner Kenneth Crowe and Thomas H. Morgan. The committee plans to seek individual donations after business concerns have been solicited.

The program of the recreation association received strong backing Monday evening when John Hay Shank, district governor of Rotary International, urged the Frostburg Rotary Club to give every possible aid to any movement inaugurated to help youth find uplifting recreation for leisure hours. He said the community service program of Rotary committed Rotarians to this activity and added that supervised recreation, under capable direction, will make the community a better place for their families after victory is won in the present war.

A substantial boost was given to the movement this week when Nick Cornish, proprietor of the Gunter hotel, offered the large room in the rear of the building, formerly a ball room, for use of the association four evenings a week. The association will establish a central recreation center in the room and on Mondays, Tuesdays, Wednesdays and Fridays diversified entertainment, under supervision, will be provided.

Dancing, games and novel activities will be available to all children and older boys and girls of the community at the Gunter hotel center during the winter months.

The association is also planning to organize two basketball leagues, one for girls and the other for boys. The games will be played at Beall Elementary school, Beall high school and St. Michael's hall.

An effort will also be made to have all local libraries open to the young people interested in the reading of good books. Miss Helen Hough, librarian at State Teachers' College, has already announced that the college library will co-operate in establishing regular hours when the library will be open to the public. Librarians will assist young people in finding the literature in which they are most interested.

Six Brothers in Service

William Smith, Midlothian, father of twenty children, nineteen of whom are living, claims to be one of the biggest contributors to the armed forces in the present war. He has three sons overseas, S. F. Lee Eugene Smith, with the navy; Pfc. Elmer Smith, in France, and Pvt. William H. Smith, in India, and three sons in the United States. Henry Smith, Camp Crowder, Mo.; Pvt. Oliver W. Smith, Camp Davis, N. C., and Robert W. Smith, the father of five children, inducted September 14, at a receiving station in New Cumberland.

Smith, the father of the six fighting Smiths, states that he is not helping in the war effort at the Kelly plant, Cumberland, where he is employed shoveling scrap.

Frostburg Briefs

The Senior Christian Endeavor Society of Salem Evangelical and Reformed church will meet Thursday evening at the home of Mr. and Mrs. Myron Lehr, Frost Avenue. The Pioneer Club, of Welsh Baptist Memorial church, will meet Friday evening at the home of Mrs. Ada Stafford, Consolidation Village, with Mrs. Wenonah Wade, assisting hostess.

Frostburg Chapter No. 221, Women of the Moose, will meet Thursday at 8 p.m. with a war relief program as the feature. Those having birthdays will be honored.

Mr. and Mrs. James E. Holsinger, Eckhart, celebrated their twentieth wedding anniversary with a dinner at their home Saturday evening.

Ladies night will be observed tomorrow night (Thursday) at the home of Frostburg Lodge No. 470, B.P.O. Elks, beginning at 9 p.m.

Cards and dancing will be featured and refreshments will be served.

Wives of members of the local lodge, whose husbands are now in the armed forces, are especially urged to attend. Committees headed by Mrs. Carl Nickel and Mrs. Roy Kirby are in charge of arrangements.

Frostburg Personals

George Martin, Huntington, W. Va., a former resident of Lonaconing, is the guest of Mr. and Mrs. Marshall Stewart, Frost Avenue, and other relatives.

Joseph M. Chambers returned to Cleveland after visiting Mrs. Catherine Phillips, Eckhart.

Mr. and Mrs. Evan Bloman and family, Mrs. Jacob Paule and Mrs. Anna Smith returned to Pittsburgh after visiting Mrs. John R. Workman, Maple street.

Andrew N. Phillips, after spending fifteen months with the navy in the Pacific, and his wife, the former Era Robbins, of Dillon, S. C., and their daughter, Phyllis Jean, are visiting the home of Mrs. Catherine Phillips, Eckhart.

Miss Catherine Chambers, student nurse at the Allegany hospital, Cumberland, spent Saturday and Sunday the guest of her grand-mother, Mrs. Catherine Phillips, Eckhart.

KILLED IN ACTION**Warren Bonner Dies in France On September 4****By HELEN COLLETT**

PARSONS, Sept. 28.—Mr. and Mrs. Casper Bonner, Red Creek, Tucker county have received word from the War department today stating that her husband, Pfc. Warren Bonner, was wounded in action September 3 in France.

He was inducted into military service August 5, 1943, and before entering the service was employed at the Kelly-Springfield Tire Company plant in Cumberland.

Pvt. Bonner was born on September 26, 1923 the son of Casper and Marjorie Mae Bonner and was graduated from Davis high school in the class of 1942. He was employed by the Bethlehem-Fairfield Ship yards in Baltimore, Md., as a crane operator until he entered the service in January 1944. He received his training at Camp Blanding, Fla., for the Infantry and was sent overseas from Fort Meade, Md., June 1944.

He is survived by his parents, two brothers, Darwin and Kermit at home; and four sisters, Miss Helene Bonner, Mrs. Virginia Raines, both of Parsons, Mrs. Irene Brown and Mrs. Reva Anderson, R. N., both of Washington, D. C.

The parents received the message on the eve of their sons twenty-first birthday.

Kempton Infant Dies

Raymond William Gregory, week old infant son of Walter and Berdie Thompson Gregory died at his parents' home near Kempton this week. He had been ill since birth.

He is survived by his parents and one brother.

Accidents Reported

Buddy Raines, 2-year-old son of Mr. and Mrs. Ernest Raines, Kempton, was treated by a local physician for five lacerations of the head that he received when he fell from his parents' back-porch, landing in a basket of broken glass.

Claude Cogar, 3-year-old son of Mr. and Mrs. Claude Cogar, Sr., Thomas, was treated for a laceration to his head sustained when a board of a homemade merry-go-round slipped striking him on the head.

Receives Citation

Buddy Raines, 2-year-old son of Mr. and Mrs. Ernest Raines, Kempton, was treated by a local physician for five lacerations of the head that he received when he fell from his parents' back-porch, landing in a basket of broken glass.

William C. Carter, son of Mr. and Mrs. Chris Pollock were married yesterday evening at 7:30 o'clock in St. Patrick's rectory.

The Rev. Michael Smyth, pastor of the church officiated at the ceremony. Miss Rita Meanyhan, sister of the bride, was maid of honor, and Coletus Braler was best man.

The bride was attired in a blue street-length dress with fuchsia accessories and wore a corsage of orchids. The maid of honor wore a Burma brown street-length dress with gold accessories and a corsage of yellow rosebuds.

Following the ceremony a reception in honor of the couple was held at the home of Mr. and Mrs. Chris Pollock, State highway.

The bride is a graduate of St. Patrick's school and attended Mt. Savage high school. Prior to her marriage she was employed at the Celanese Corporation of America. The bridegroom is a graduate of Mt. Savage high school, and is employed by the Celanese.

Auxiliary Elects

Mrs. Joseph Carter was elected president of Memorial Unit No. 159, American Legion Auxiliary, at a meeting of the group last night at the Carter residence.

Other officers are Mrs. Myrtle A. Rice, vice president; Miss Rose Mary Carter, secretary; Mrs. Margaret L. Johnson, treasurer; Mrs. Elizabeth Rowley, sergeant-at-arms and Mrs. Sarah Jane Turley, chaplain.

Mrs. J. Tom Long, vice president of Mountain District, presented the charter to the organization and dedicated the American Legion colors and a national flag to the unit as a personal gift.

Store Damaged

The store building of Rex Orr Parsons, was slightly damaged Monday morning at 9 a.m. when a small fire was discovered in the ware room. Earl Corcoran, chief of the Parsons Volunteer Fire department, stated that the damage amounted to approximately \$15.

Committee Organized

Mrs. Zora Heile of Parsons was elected chairwoman of the Nutrition committee which was organized in Tucker county Saturday afternoon. Other officers elected were: Miss Hazel Hull, vice chairman, and Miss Frances Newton, secretary-treasurer.

A sub-committee, composed of Mr. and Mrs. Max C. Collins and son and daughter, Alexandria, Va. are here.

B. and O. Opens Coal Exhibit Here

Various types of bituminous coal mined along the Baltimore and Ohio railroad lines in Illinois, Indiana, Ohio, West Virginia, Pennsylvania and Maryland, are on exhibition in the main waiting room of the Queen City station.

The different types of coal and the places from which they are mined are displayed in the form of an illuminated map, bordered by the samples of coal.

The exhibit, which will be on twenty-four-hour display Saturday, is in charge of C. Norval Cox, Baltimore, formerly of Cumberland, coal traffic representative for the railroad.

Warren Bonner

(Continued from page 9) death of his nephew, Paul Cline Freeman, 40, who died at his home Monday following a week's illness of a heart ailment.

Tucker Youth Injured

Harry Knotts, 13-year-old son of Mr. and Mrs. Claude Knotts of Sugarlands, is a patient in the Tucker county hospital, Parsons, suffering from injuries received when a wagon loaded with pumpkins passed over his legs.

X-rays revealed that he has a compound fracture of the right leg between the knee and hip. His condition is described as satisfactory by hospital attendants.

Davis Man Injured

Mrs. B. Iden, defense worker of Elkin, Md., is spending this week in Davis accompanied by his wife. He is being treated for injuries to his right hand received while at work last week.

TB Tests Are Given

Mrs. H. U. Freeman, president of the Tucker county TB Association announced that eighty x-rays were given by the X-Ray mobile unit in Parsons Monday and Tuesday morning.

The Patch test was also given to the members of the senior classes of Davis, Thomas and Parsons. Mrs. Bernice Oliver, field nurse for the TB Association of Tucker county was in charge of the clinic and was assisted by the officers of the county who are Mrs. Freeman, president; Mrs. Herman Lambert, secretary and Mrs. Ralph Erhardt, treasurer. They were also aided by Mrs. R. B. Daniels of Parsons and Mrs. C. R. Thayer of Thomas, president of the Thomas Woman's club.

Nurses Pass Test

Eleven Memorial Hospital School of Nursing students have received word that they have passed the Maryland State Board examination and are now qualified registered nurses. They are:

Betty Lou Pick, Doris Moore, Mae Marshall, Jeanette Stoner, Mary Jo Muster, Mary Long, Allene Corle, Amelia DeBardi, Thelma Cartell, Wanda McLuckie and Ruth Dickey.

MEN AND WOMEN IN SERVICE**Local Youth Receives Suspended Sentence**

Charged with loitering on the streets after midnight, John Stewart, 436 Chestnut street, received a suspended fine of \$10 at a hearing in police court yesterday, on condition that he stay at home after 11 p.m. Stewart was arrested by Lt. James E. Van and Officer P. C. Jenkins about 4 o'clock yesterday morning.

George McBride, Route 4, was fined \$10 on a charge of disorderly conduct at a hearing in police court yesterday morning. Charles Hensel, 516 Virginia avenue, arrested with him, was acquitted of the same charge. Officer James W. Brown arrested the man in South Cumberland yesterday after they started an argument.

Willis Lee Howe, serving somewhere in the Pacific has been advanced from seaman second class to seaman first class, the Fifth Naval district at Norfolk, Va., announces. He is the husband of Mrs. P. R. Howe, Westernport.

Pvt. Herbert R. DeVore and Pvt. Willard E. DeVore are spending furloughs at the home of their parents, Mr. and Mrs. J. E. DeVore, Ellerslie. Herbert is on furlough from a Texas camp and will report to Fort George G. Meade October 3. Willard is on furlough from a camp in New Mexico. Another brother, Pvt. Harry E. DeVore is improving in a hospital in England from wounds suffered in France July 27.

Cpl. George A. Liberty, Route 4, a motor transportation technician, is a member of an AAF B-26 Marauder group in the Mediterranean theater which has been cited by General Charles DeGaulle of the provisional French government.

Seaman Second Class Millard McCarthy, husband of Mrs. Frances McCarthy, 1025 Lafayette avenue, has been transferred from Bainbridge to Boston, Mass.

Pfc. Clarence McCarty, who was wounded in the right arm in Italy August 18, has sent his Purple Heart medal to his mother, Mrs. Bernard McCarty, 427 Pennsylvania avenue. Pfc. McCarty, in his letter, stated that he is still in an army hospital.

Fractures Right Arm

Mrs. Jennie Gibson, 247 North Centre street, was treated in Memorial hospital Tuesday evening at 10 o'clock for a fracture of the right arm. She told attaches she was hurt when she fell down a pair of steps.

The Dead Sea is 1,290 feet below sea level.

Miracle Drug's Uses Explained By W. A. Gunther

Bacteriologist Tells Nurses Penicillin Has Been in Use since 1929

Mine Foreman Sues Coal Company

Suit against the Consolidation Coal Company was filed in circuit court by titling yesterday by Felix Foote, foreman in a mine near Lonaconing.

Edward J. Ryan, Foote's attorney, said the action was taken under the federal Wage and Hour law to recover for excess time he worked in 1942, 1943 and 1944. The money amounts to about \$2,500, Ryan said.

Federal Agents Question Stewart In Kidnap Case

Local Officers Learn Cook's Abduction Started in Maryland

Three special agents of the Federal Bureau of Investigation and two Pennsylvania state policemen questioned George T. Stewart, 20, of 535 North Centre street, here last night concerning the reported robbery and abduction of Newton Cook of Glencoe, Pa., early Sunday morning.

They came here yesterday afternoon with Cook after visiting the area where Stewart and his two companions, Jess James Valentine and William L. McClellan, both about 19, of Bedford road, allegedly tossed the Pennsylvanian from his car after stealing his wallet and binding him with friction tape.

Valentine and McClellan, apprehended in Akron, Ohio, following a \$100 robbery of an auto supply firm, are confined in the Somerset county, Pa., jail after being returned there early yesterday morning from the Ohio city.

Penicillin parallels the sulpha drugs in the type of diseases successfully treated but is much more expensive, Gunther asserted, and the rate of response to treatment and cure is much more effective than the sulpha drugs. Penicillin is more lady-like of the two to the patient because there are practically no reactions.

Nurses were told since physicians are extremely busy that in all probability the nurses will be called upon by the doctors to administer the drug under the physician's supervision.

For effective treatment, Gunther explained, the drug is given every two to four hours necessitating frequent visits by the doctor or given by the nurse in attendance.

The speaker then listed some of the diseases treated effectively with Penicillin. They include staphylococci, aureus infections with bacteremia (blood stream) osteomyelitis, carbuncle, multiple lung abscess, infected wounds, bronchopneumonia, empyema, acute endocarditis, suppurative bursitis, certain types of meningitis, gonorrhoea and many others.

Do Not Respond to Drug

Diseases which have not responded to penicillin therapy, he said, include typhoid and paratyphoid fevers, malaria, undulant fever, tuberculosis, atypical pneumonia, cancer, influenza, pertussis, common colds and poliomyelitis.

In conclusion the state bacteriologist stated Penicillin is of no value when taken by mouth except in cases of pernicious anemia.

Mrs. Gladys Brooks, chairman of the program committee, introduced the speaker.

Beneficiaries Sue Insurance Firm Over Payment

Charging the Metropolitan Life Insurance Company with refusing payment of a \$1,000 insurance policy on the life of John Lobish, who was accidentally killed June 20 while working for the Davis Coal and Coke Company at Kempton, the beneficiaries named in the policy yesterday sued the company for \$1,500.

The plaintiffs and beneficiaries, John Scripp, Paul T. Repetsky, James Repetsky, Adam Repetsky, John Repetsky, Alfred Repetsky and Nellie Repetsky Rhodes, the last two minors, are represented by Morgan C. Harris and Paul M. Fletcher.

They declared that the insurance contract provided that if Lobish's death resulted from an accident for which death benefits were payable under the workman's compensation law of any state, the amount of life insurance payable would be one-tenth of the amount otherwise payable.

At the time of Lobish's death, the plaintiffs assert, he was a widower and was survived by five children and three stepchildren, none of whom were dependent on him for support.

Under the Workmen's Compensation act of Maryland, none of Lobish's survivors could claim such dependency as would entitle them to participate in any benefits, the plaintiffs related, adding that they are all beneficiaries named in the policy.

They charge that they have demanded payment of the \$1,000 by the company, but the latter has refused to pay this sum although admitting its liability under the insurance contract to be one-tenth the amount set forth on the face of the policy, namely, \$100.

Three Births Are Reported Here

Mr. and Mrs. Earl W. Simms, 451 Pine avenue, announce the birth of a son in Memorial hospital yesterday morning. The father is in the army.

MRS. MONNETT RITES

Funeral services for Mrs. Mary Monnett, who died Monday at 208 Maryland avenue where she made her home, were held at 2 p. m. yesterday in the Woford funeral home with the Rev. Carl H. Clapp, pastor of St. Mark's Evangelical and Reformed church, officiating.

Interment was in Monnett cemetery, Fort Ashby road.

Palbearers were Alex Monnett, Luther Dickin, Earl Brant, Robert Clark and Theodore Clark.

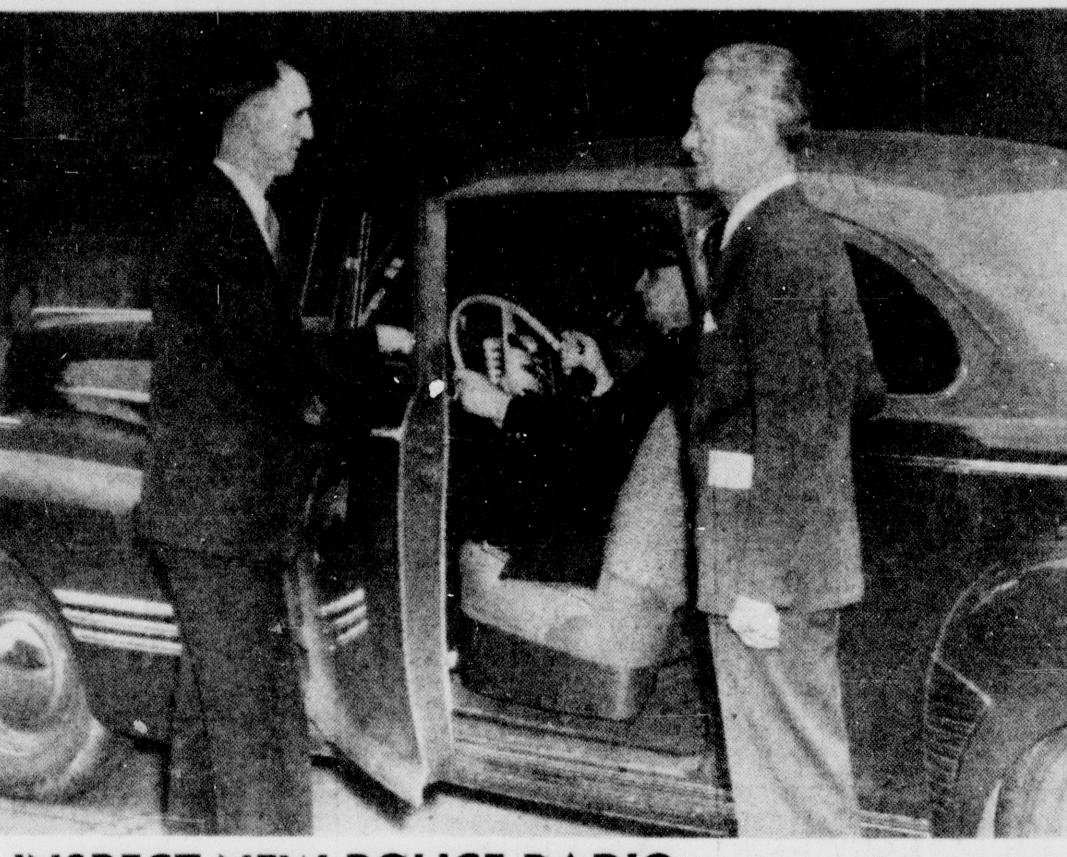

DAVID WILLIAM LEECY

David William Leacy, 7-month-old son of Mr. and Mrs. George Leacy, Glencoe, Pa., died yesterday evening at 9:25 o'clock. Firemen said that a neighbor was burning a burning paper in the furnace and the smoke collected around the Fox home.

State Trooper A. M. Spiech made the arrest.

West Side firemen answered a false alarm at the home of Elroy Fox, 325 Cumberland street, last evening at 9:25 o'clock. Firemen said that a neighbor was burning a burning paper in the furnace and the smoke collected around the Fox home.

State Trooper A. M. Spiech made the arrest.

INSPECT NEW POLICE RADIO

Oscar A. Eyerman, chief of police of Cumberland, is shown demonstrating the hand set of the new police FM radio system to James Orr, police and fire commissioner, (left), and William J. Edwards, commissioner of water and electric light (right). The two-way voice radio system, installed yesterday, has a working range of seven miles from car to car and a minimum range of twenty miles from the broadcasting station to cruiser cars. Since the frequency is above man-made noise, FM sets are rapidly replacing older systems. The same system is in use in the state of Connecticut and in Baltimore and Prince George counties of Maryland.

Future Farmers Will Compete At Frederick Fair

Allegany County Chapters Will Vie for \$410 in Judging Contests

Representatives of Future Farmers of America chapters in five Allegany county high schools will participate in the corn, dairy cattle, potato and swine judging contests tomorrow at the Frederick, Md. fair.

Thirty boys in charge of James M. House, supervisor of food production, War Training Program of the Allegany County Board of Education, will leave today by bus for the scene of the exhibits.

Chapter members of Beall and Allegany high schools will leave by bus from the latter place at 12:30 p. m. After picking up the Fort Hill high school group at that school the bus will continue on to Flintstone where chapter members of Agricultural and Oldtown high schools will join the other three groups on the eastward trip. The boys are scheduled to return home Friday night.

The invention is now known as merely a glider stop device, but it may be a saver of lives and glider crackups in future invasion maneuvers.

Invented by Two Pilots

Invention of the device is credited to Flight Officer Arthur L. Lee and Lt. R. S. Houghton, two young glider pilots with a tactical squadron of a group used recently in testing the effectiveness in an actual glider landing.
